MA MODULE EVALUATION QUESTIONNAIRE

It would be helpful for staff and future students if you could also answer the following questions. Your feedback will help us to improve the module and ensure the quality of our teaching. If the module you took was a language module, then not every question will be applicable (please leave those sections blank). This form is anonymous. If you are a distance student, please return it to Lynda Ayre, Departmental Administrator, Department of Classics, Lampeter, Ceredigion SA48 7ED, Wales.

Name of the module:

Term:

Name of lecturer(s)/ tutor(s):

1. To what extent did the module offer an introduction to the topic which bridged the gap with your previous knowledge? If you have had previous knowledge of this topic, please indicate the nature of that knowledge (e.g. general reading/interest, taught course).
2. Did the module have continuity? Please comment on this especially if the module you took was a team-taught module.
3. Please comment upon the structure and organisation of the module.
4. Were any topics not covered which you would have liked to study?

5. Please comment upon the material you were provided with for each unit, evaluating in particular the work sheets which are connected with each individual unit. To what extent did these preparation sheets help you to focus on the topic and give you a sense of progression from previous handled topics?

6. Was there sufficient oral or written feedback to help you to get to grips with the module and your own performance? How helpful has the feedback been to prepare you for the writing of your assessed piece of coursework?

7. Has there been a good rapport with the tutor (has the tutor been approachable, dealt with questions etc.)?

8. If you took this module as a **campus student**, please comment upon the conduct and usefulness of the seminars. If your module involved sessions by video-link, then it would be useful to have your feedback on this as well.

9. If you took this module as a **distance learner**, please answer the following questions.
 - a. Is there anything in particular that could be improved for distance learners?
 - b. How easy was it for you to get feedback from your tutor?
 - c. Has library access been a problem, and if so, has the tutor been helpful in trying to find solutions?
 - d. How useful have the short assignments been to help you get the most out of your module?

10. What did you like best about the module?

11. How could the module best be improved next time it runs?

12. Any further comment?
